1. INTRODUCTION

1.1 Background/Foreword

1.1.1 NHS Derby and Derbyshire Integrated Care Board (ICB) is the health statutory body for the Derby City and Derbyshire population. The ICB is a new statutory organisation and will take over the duties and responsibilities of the NHS Derby and Derbyshire Clinical Commissioning Group which will be disestablished on 30th June 2022. The ICB will also be responsible for a range of new statutory duties set out in the Act.

1.1.2 ICSs are partnerships of health and care organisations that come together to plan and deliver joined-up services and to improve the health of people who live and work in their area. Each ICS will comprise of an:

- (a) Integrated Care Board bringing the NHS together locally to improve population health and care; and an
- (b) Integrated Care Partnership (ICP): the broad alliance of organisations and representatives concerned with improving the care, health and wellbeing of the population, jointly convened by local authorities and the NHS.

1.1.3 NHSE has set out the following as the four core purposes of ICSs:

- a) improve outcomes in population health and healthcare.
- b) tackle inequalities in outcomes, experience and access.
- c) enhance productivity and value for money.
- d) help the NHS support broader social and economic development.

The ICB will use its resources and powers to achieve demonstrable progress on these aims, collaborating to tackle complex challenges, including:

- improving the health of children and young people.
- supporting people to stay well and independent.
- acting sooner to help those with preventable conditions.
- supporting those with long-term conditions or mental health issues.
- caring for those with multiple needs as populations age.
- getting the best from collective resources so people get care as quickly as possible.

1.1.4 The Derbyshire ICS will have an NHS Body Integrated Care Board which has a distinct purpose, with governance and leadership arrangements designed to promote greater collaboration across the NHS and with other local partners. Adapting to this requires a significant change in the way commissioning activities are delivered and functions are carried out to understand population needs, plan services and allocate resources, which address the Derby City and Derbyshire population's health outcomes and secure the provision of services collaboratively with partners.

1.1.5 The Derbyshire ICS will also have an ICP at system level, established as equal partner members. The ICP will operate as the forum to bring partners e.g. local government, NHS and others, together across the Derbyshire ICS area to align purpose and ambitions with plans to integrate care and improve health and wellbeing outcomes for the population of Derby City and Derbyshire. For a number of years there have been local collaborative arrangements at the 'neighbourhood' level. These have involved a coalition of commissioners, NHS Trust providers, local authorities, primary care, the voluntary and community sector, and the public working together to better meet the needs of local people. Two Place Partnerships on the local authority footprints have been formed, which retain and further strengthen local place alliances. The Place Partnerships will have an ethos of equality between partners and be established to deliver a range of functions on behalf of the ICB and ICP. These will include:

- (a) co-ordinating and integrating local services built on a mutual understanding of the population and a shared vision;
- (b) taking accountability for the delivery of coordinated, high quality care and improved outcomes for their populations; and
- (c) the planning, management of resources, delivery, and performance of a range of community-based health and care services, in line with the strategic requirements of the ICB and ICP.

The overall approach will be a social model that is outcome driven and strength based; focussing on the assets of individuals and communities and developed with them through local leadership. There is a collective ambition for delegated responsibility and accountability to enable maximum impact from existing and enhanced structures.

1.1.6 Provider collaboratives are partnership arrangements involving two or more trusts (foundation trusts or NHS trusts and could also include community interest companies providing NHS care), that collectively work across multiple places to realise the benefits of mutual aid and working at scale. The purpose of provider collaboratives is to better enable their members to work together to continuously improve quality, efficiency, and outcomes, including proactively addressing unwarranted variation and inequalities in access and experience across different providers.

¹ It is a proposed common duty for NHS bodies that plan and commission services (NHS England and ICBs) and that provide services (Trusts and Foundation Trusts). It will oblige these bodies to consider the effects of their decisions on:

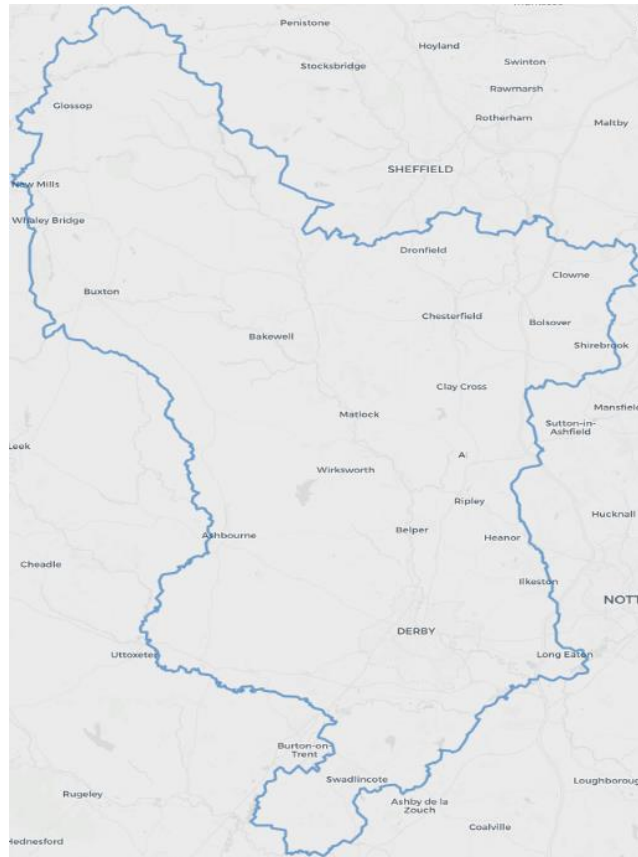

- the health and wellbeing of the people of England
- the quality of services provided or arranged by both themselves and other relevant bodies
- the sustainable and efficient use of resources by both themselves and other relevant bodies

- 4.6.6 All members of committees and sub-committees that exercise the ICB commissioning functions will be approved by the Chair. 6. ARRANGEMENTS FOR CONFLICT OF INTEREST MANAGEMENT AND STANDARDS OF BUSINESS CONDUCT

6.1 Conflicts of Interest

6.1.1 As required by section 14Z30 of the 2006 Act, the ICB has made arrangements to manage any actual and potential conflicts of interest to ensure that decisions made by the ICB will be taken and seen to be taken without being unduly influenced by external or private interest and do not, (and do not risk appearing to) affect the integrity of the ICB's decision-making processes.

6.1.2 The ICB has agreed policies and procedures for the identification and management of conflicts of interest which are published on the website www.ddicb.nhs.uk.

6.1.3 All board, committee and sub-committee members, and employees of the ICB, will comply with the ICB policy on conflicts of interest in line with their terms of office and/ or employment. This will include but not be limited to declaring all interests on a register that will be maintained by the ICB.

6.1.4 All delegation arrangements made by the ICB under Section 65Z5 of the 2006 Act will include a requirement for transparent identification and management of interests and any potential conflicts in accordance with suitable policies and procedures comparable with those of the ICB.

6.1.5 Where an individual, including any individual directly involved with the business or decision-making of the ICB and not otherwise covered by one of the categories

above, has an interest, or becomes aware of an interest which could lead to a conflict of interests in the event of the ICB considering an action or decision in relation to that interest, that must be considered as a potential conflict, and is subject to the provisions of this Constitution, the Conflicts of interest Policy and the Standards of Business Conduct Policy.

- 6.1.6 The ICB has appointed the Audit Chair to be the Conflicts of Interest Guardian. In collaboration with the ICB's governance lead, their role is to:
- (a) act as a conduit for members of the public and members of the partnership who have any concerns with regards to conflicts of interest;
 - (b) be a safe point of contact for employees or workers to raise any concerns in relation to conflicts of interest;
 - (c) support the rigorous application of conflict of interest principles and policies;
 - (d) provide independent advice and judgment to staff and members where there is any doubt about how to apply conflicts of interest policies and principles in an individual situation;
 - (e) provide advice on minimising the risks of conflicts of interest.

6.2 Principles

In discharging its functions the ICB will abide by the following principles:

- 6.2.1 decision-making will be open and transparent, will be inclusive and incorporate diverse views across the system. Decisions will be made in the interests of the health of the population and consistent with the statutory responsibilities of the ICB and ICS. Any individual involved in decisions relating to the ICB functions must be acting in the interests of the people of Derby and Derbyshire rather than furthering direct or indirect financial, personal, professional, or organisational interests. Decision making will be devolved to Place where appropriate.
- 6.2.2 the ICB has been created to give statutory NHS providers, local authority, and primary medical services (general practice) nominees a role in decision-making. These individuals will be expected to act in accordance with section 6.2.1(a), and it should not be assumed that they are personally or professionally conflicted by virtue of being an employee, director, partner or otherwise holding a position with one of these organisations;
- 6.2.3 the personal and professional interests of all ICB board members, ICB committee members and ICB staff who are involved in decision taking must to be declared, recorded and managed appropriately. Declarations must be made as soon as practicable after the person becomes aware of the conflict or potential conflict and, in any event, within 28 days of the person becoming aware. This includes being clear and specific about the nature of any interest, and about the nature of any conflict that may arise regarding a particular decision;
- 6.2.4 actions to mitigate conflicts of interests should be proportionate and should seek to preserve the spirit of collective decision-making wherever possible. Mitigation

should take account of a range of factors including the impact that the perception of an unsound decision might have, and the risks and benefits of having a particular individual involved in making the decision;

- 6.2.5 the ICB will clearly distinguish between those individuals who should be involved in formal decision taking, and those whose input informs decisions, including shaping the ICB's understanding of how best to meet patients' needs and deliver care for their populations. The way conflicts of interest are managed should reflect this distinction. For example, where independent providers (including the VCSE sector) hold contracts for services it would be appropriate and reasonable for the body to involve them in discussions, for example about pathway design and service delivery, particularly at place-level. However, this would be clearly distinct from any considerations around contracting and commissioning, from which they would be excluded;
- 6.2.6 where decisions are being taken as part of a formal competitive procurement of services, any individual who is associated with an organisation that has a vested interest in the procurement should excuse themselves from the process; and
- 6.2.7 the way conflicts of interest are declared and managed will contribute to a culture of transparency about how decisions are made.

6.3 **Declaring and Registering Interests**

- 6.3.1 The ICB maintains registers of the interests of:
 - (a) Members of the ICB;
 - (b) Members of the board's committees and sub-committees; and
 - (c) its employees.
- 6.3.2 In accordance with section 14Z30(2) of the 2006 Act registers of interest are published on the ICB website www.ddicb.nhs.uk.
- 6.3.3 All relevant persons as per clauses 6.1.3 and 6.1.5 must declare any conflict or potential conflict of interest relating to decisions to be made in the exercise of the ICB's commissioning functions.
- 6.3.4 Declarations should be made as soon as reasonably practicable after the person becomes aware of the conflict or potential conflict and in any event within 28 days. This could include interests an individual is pursuing. Interests will also be declared on appointment and during relevant discussion in meetings.
- 6.3.5 All declarations will be entered in the registers as per clause 6.3.1
- 6.3.6 The ICB will ensure that, as a matter of course, declarations of interest are made and confirmed, or updated at least annually.
- 6.3.7 Interests (including gifts and hospitality) of decision-making staff will remain on the public register for a minimum of six months. In addition, the ICB will retain a record of historic interests and offers/receipt of gifts and hospitality for a minimum of six years after the date on which it expired. The ICB's published register of interests

states that historic interests are retained by the ICB for the specified timeframe and details of whom to contact to submit a request for this information.

6.3.8 Activities funded in whole or in part by third parties who may have an interest in ICB business such as sponsored events, posts and research will be managed in accordance with the ICB policy to ensure transparency and that any potential for conflicts of interest are well-managed.

6.4 **Standards of Business Conduct**

6.4.1 Board members, employees, committee and sub-committee members of the ICB will at all times comply with this Constitution and be aware of their responsibilities as outlined in it. They should:

- (a) act in good faith and in the interests of the ICB;
